

FETCO®

ITEM NUMBER: _____

MODEL GR 2.3
SERIES Grinder

The Ultimate Technology To Meet The Most Demanding

Introduction:

Introducing a line of coffee grinders with performance features that out-perform the rest. A host of advanced features provide unmatched grind consistency, durability and accuracy. And yet do their job, so that the flavor and aroma of each coffee bean remain intact.

Features:

Easily removable 5lb. hoppers (on dual grinders) allow operators to change coffee bean selection without spilling or the cost of additional grinders. These hoppers, which can be used as short term storage containers are easily cleanable. Powerful 0.67 Hp motor along with precision slicing type grinding discs provide uniform grind profile without re-heating the coffee. Available in both 2 batch or 3 batch settings per hopper, ideal for any environment.

Patents: 6,626,085; 6,783,089 B2
Other Patents Pending. International Patents Apply.

Easily Removable Hoppers
Grinding Straight Into Brew Basket
Vertically Built-In Grinding Discs
Two 5 lb. Hopper Capacity
Adjustable Brew Basket Holder
Overload Motor Protection

Printed in USA 2006
